### Environmental Education Intern

**Title:** Environmental Education Intern

**Location:** Walla Walla, WA

**Schedule:** Part time (5-10 hours/week average), September 1 – December 15, 2018. Flexible and variable schedule, with availability needed for education events. Work is typically during regular business hours, with occasional evening events. Start and end dates will correspond to the fall term, but are negotiable.

**Compensation:** This is an unpaid internship.

**Description:**

Our mission is salmon recovery through habitat restoration, public education, and promoting sustainable fishing.

The Environmental Education Intern will further our mission by assisting our Education Coordinator with the Salmon in School program. This program is an experiential education opportunity where salmon are raised in classrooms in local schools. Lessons pertinent to salmon and their needs are presented to the classes. The program culminates in the spring as the salmon are released into local streams.

**Duties:**

- Assist with classroom lessons in topics related to salmon and steelhead science
- Assist with maintenance of Salmon in School fish tanks and equipment
- Assist with presenting Family Science Night lessons
- Assist with developing new Salmon in School lessons or activities

**Qualifications:**

- Study in biology, environmental studies, or education related majors
- Able to provide own transportation (mileage is reimbursable)
- Familiarity with Microsoft Office software
- Good organization and communication skills
- Reliable, self-starter

**Benefit to Intern**

Experience with providing experiential education to elementary through high school students

Learn technical knowledge related to salmon natural history

Gain knowledge of nonprofit organization operation
