When Will They Hatch?

Accumulated Thermal Units (ATU)

ATU's are a way to predict the day the salmon will reach each Developmental stage. Here's how it's done!

(Temp of tank in °F) - 32°F = (Increment) (Increment) + (ATU from yesterday) = ATU for today

Coho Salmon ATU for	My Date Predictions:
Developmental Stages:	
To Eye : 390 – 400 ATU	To Eye:
To Hatch: 720 – 900 ATU	To Hatch:
To Fry: 1260 – 1440 ATU	To Fry:

Date	Temp(°F)	Increment	ATU
EX	52°F	20	20
EX	52°F	20	40
		<u> </u>	

Date	Temp(°F)	Increment	ATU
