Directions: Look at your "Where did you go?" tracking sheet. Take a minute to think about where your water molecule traveled and how the molecule changed. Then, write a short paragraph describing the journey of your water molecule.

-Use complete sentences!

-Follow the water molecule for all 10 steps on the sheet.

-Use each of the following vocabulary words at least once: condensation, evaporation, filtration, and precipitation.

My journey as a water molecule started _____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____
